EXPERIENCE

The Tech Academy, Salt Lake City, UT— *Instructor*

January 2020 - PRESENT

Teach and assist students at different skill levels studying for careers in coding while deepening my own understanding and passion for programming.

Mac-Warehouse, Sandy, UT— *Sales Representative*

June 2015 - May 2016

Educated customers on the differences between computers to help them make decisions. Ran diagnostics and small repairs on varying models and aided in other technical work.

EDUCATION

The Tech Academy, UT— *Full Stack Software Developer Bootcamp*

Oct 2019 - April 2020

HTML | CSS | JavaScript | Git | SQL | C# | .NET | Python
Gained skill and experience in the above fields as well as a variety of frameworks and methodologies.

PROJECTS

Market Status App— A data resource for traders

Consolidates data from various public API's to provide short term traders with an idea of after-hours financial events.

SKILLS

Languages: HTML | CSS |
JavaScript | SQL | C# | Python
| Git |

Libraries & Frameworks:
React | Bootstrap | .NET |

ACCOMPLISHMENTS

Ecclesiastical Mission - I volunteered to share kindness and service to people all around Virginia and North Carolina for 2 years.

Eagle Scout - I grew up attending boy scouts and worked hard to receive the prestigious Eagle Scout award.

Schooling - I graduated high school with a 3.96 GPA and attended Utah State University before leaving on a mission.
